## Requirements for Scholarship and Practice

If a college-bound student-athlete meets these requirements, he/she can receive an **athletics scholarship** during his/her first year at an NCAA Division I college or university.

After the first term is complete, the student-athlete must be academically successful (successfully completing nine semester hours or eight quarter hours in each applicable term) at his/her college or university to continue to practice for the remainder of the year.

# What If A Student Does Not Meet Either Set of Requirements?

If a college-bound student-athlete does not meet either set of requirements, he/she is a **nonqualifier**.

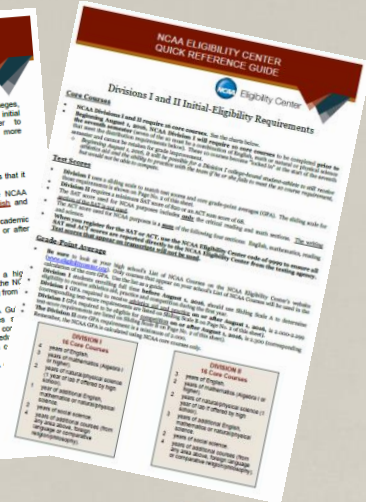

## A **nonqualifier**:

- ▶ Cannot receive athletics aid during the first year at an NCAA Division I college or university.
- ▶ Cannot practice or compete during the first year at a Division I college or university.

**2.3 OR TAKE A KNEE**

To play Division I sports, you need to qualify academically. To meet the minimum requirements for Division I student-athletes enrolling in college in August 2016 or later you must:

- Graduate from high school
- Complete 16 Core Courses, including 10 before your seventh semester
- Earn a minimum 2.300 Grade-Point Average in core courses to compete in your first year of college
- Earn a combined SAT or ACT score that matches your core-course GPA on a sliding scale. For example an 860 SAT score needs a 2.400 GPA for practice and aid and a 2.85 GPA for competition.

**2.3**

**THIS IS ONE NUMBER YOU HAVE TO REACH.**

2.3 OR TAKE A KNEE But your GPA isn't the only challenge. If you don't have the core GPA, the test scores or the right core courses in high school, you don't play in college. Don't let academics hold you back. Check out [2point3.org](http://2point3.org)
